Redefining Design

We offer entrance doors made-to-order to your exact specifications for first impressions that make an impact. Solid wood and eye-catching design options redefine residential or commercial openings beyond any typical door.

Solid Wood Aesthetics, Performance

Quality Craftsmanship

We offer a variety of high-quality material options and finishes to build premium doors to fit your unique architectural and personal style.

Configuration

Doors can be opened to the inside or outside, whichever best fits your project.

Size

We build doors for grand openings, up to 10' tall and 4' wide. Select doors can be larger if desired.

Performance

Our doors are produced through time-tested engineering and backed by Florida's rigorous testing standards for air, water, and structural performance.

Home Built by PB Built

Impact Rating

Stringent building codes have been implemented in coastal and hurricane prone areas to prevent excessive damage and protect residents.

We build entrance doors to meet local and specific needs, whether it be for areas that require water infiltration resistance, wind-borne debris protection, or impact resistance.

High Velocity Hurricane Zone

Our doors have achieved design pressure ratings acceptable for the toughest application, high velocity hurricane zone.

1994

Over 25 Years of Custom Wood Exterior Doors

Select a Design

While we offer many styles to choose from, you are not limited to any design shown in this brochure. Browse our standard styles to be inspired to create your very own design.

Choose your Size

We can build virtually any design in any size. Limitations do exist for doors that require product approval.

Options

Complete the look with options to enhance each door design. Look through the pages of this brochure to see wood species and finishes, glass types, hardware and more. We are not limited to the options shown in this brochure.

Water Based Eco Friendly Wood Finish

Standard factory-applied finish products are state-of-the-art in terms of durability and are specifically designed for coating exterior products.

Please note that wood have naturally occurring differences in color and grain pattern. Samples may vary from the wood received for your project.

Mahogany

Oak

Photo or print may cause colors to vary. For more accurate representation please request samples.

Glass Options

Our most popular glass offerings are shown below. More options are available, please contact us for details.

Caming

We can create decorative glass to your personal preferences with a sketch or picture of your idea.

Hinge Options

We offer two hinge types: Butt Hinge and Concealed Hinge. They are available in different sizes, materials and finishes to match or complement other hardware for your door.

Concealed Hinge
Three-Dimensional Adjustability

Butt Hinge

Locks & Handles

Deadbolt Lock
Deadbolt locks are often accompanied with pull handles on both sides. Roller catches are utilized to keep the door from opening while not locked.

Tubular & Mortise Lock
These two-point lock options offer a large selection of decorative handles to choose from.

Multipoint Lock
Multipoint locks provide additional strength and security through several locking points. Three-point and five-points locks available, key or lever-activated.

Wrought Iron Adornments

These charming metal accents accentuate character and highlight the Old World aesthetics of our Estate doors.

About Us

We believe in furnishing products with the highest quality materials and for those products to be accompanied with a high level of customer service. In 1994, we started manufacturing solid wood doors and we have been driving ourselves since to redefine expectations. Pushing the limits with respect to size, performance and design flexibility to offer our expanding customer base innovative, turn-key solutions.

We are guided by our dedication to every process of manufacturing, using traditional techniques and new technologies to consistently deliver incomparable craftsmanship. We work continuously to ensure healthy, safe work conditions for our team members and strive to conduct our business with honest and sustainable standards.

Exclusive Wood Doors, Inc. does not accept responsibility for misprints and subsequent specification changes although every effort has been made to avoid any errors during preparation of this brochure.
